

Randolph G. Roman

rgroman987@gmail.com | Naperville, IL | (630) 281-0642

OVERVIEW: Motivated Computer Engineering graduate with practical experience in software development, embedded systems, computer architecture, customer service, and leadership. Adept at collaborating within multidisciplinary teams to design software, develop hardware solutions, and solve complex technical problems. Hands-on experience gained through collaborative engineering projects involving robotics, backend application development, digital hardware design, and programming. Proficient in Java, Python, C/C#, VHDL, HTML/CSS/JavaScript, MySQL, and Intel Quartus Prime. Passionate about applying engineering knowledge to develop innovative and efficient technology solutions.

KNOWLEDGE & EXPERTISE:

- Project Management
- Database Design
- Team Leadership
- Software Development
- Embedded Systems
- Computer Architecture
- Backend Development
- Analytical Thinking
- Cross-Functional Collaboration
- Technical Problem Solving
- Customer Service
- Interpersonal Communication

EDUCATION: **IOWA STATE UNIVERSITY** Ames, IA
Bachelor of Science in Computer Engineering Conferred 2026

Courses:

- Computer Organization and Assembly Level Programming
- Operating SystemsL Principles and Practices
- Software Development Practices
- Software Architecture and Design
- Embedded Systems I: Introduction
- Embedded Systems II: Mobile Platforms
- Introduction to Computer Graphics
- Introduction to Computational Geometry

STUDY ABROAD, Tokyo & Kyoto, Japan Summer 2025

TECHNOLOGY:

- Java, C/C++, Python, Intel Quartus Prime, MS Office: Word, Excel, PowerPoint, HTML/CSS/JavaScript, MySQL/Databases, Internet Protocols, Effective AI use, Communication

NOTABLE PROJECTS:

- **EMBEDDED SYSTEMS – Final Project**
 - Collaborated with a team to develop movement controls and detection software for a robot to move through an obstacle course, utilizing Putty for real time inputs and receiving data about the environment.
- **SOFTWARE DEVELOPMENT – Semester Project**
 - Handled backend controls and requests in a web-based application.
 - Used MySQL to create tables and applied CRUDL operations for application functionality.
- **COMPUTER ARCHITECTURE – Project**
 - Programmed all the components of a MIPS processor in VHDL, excluding registers, and designed a pipeline processor with hazard detection units in the hardware.
 - Wrote assembly language sorting algorithms for execution on the custom processor.

PROFESSIONAL EXPERIENCE: **COLLEGE HUNKS** 2025 to Present
Mover

Highlights

- Support residential and commercial moving household and products.
- Ensure exceptional client experience, supporting communication, and maintainin bespoke care of product in care during transit.
- ◊ Gained key experience in business relations and documentation.

DUNKIN' DONUTS 2023
Barista/General Staff

Highlights

- Delivered prompt, friendly, and efficient customer service while accurately preparing and fulfilling customer orders.
- ◊ Operated effectively under peak business hours while maintaining quality and service.

2TOOTS TRAIN WHISTLE GRILL 2021
Server

Highlights

- Collaborated with team members to deliver efficient service in a fast-paced environment.
- Worked with and management by performing multiple responsibilities as needed.
- ◊ Demonstrated flexibility and teamwork to support daily restaurant operations.
- ◊ Consistently met and exceeded customer satisfaction expectations through attentive service.

WORLD TANG SOO DO ASSOCIATION – REGION 5 2021
Student Mentor & Youth Leader

Highlights

- Supervised youth participants of various age groups during martial arts training sessions and seminars.
- Assisted instructor with demonstrations of martial arts techniques and training exercises.
- ◊ Helped coordinate training activities to ensure organized learning sessions.

LEADERSHIP:

- Eagle Academy of Martial Arts -- Student Leader and Mentor
- Iowa State Gymnastics Club - Vice President

AWARDS & HONOR:

- Honors and AP Math and Computer Courses
- CTE Outstanding Student Award
